*Principal*

### EDUCATION

Penn State University - University Park, PA  
*Bachelor of Architectural Engineering*

University of Leeds - Leeds, England  
*Exchange program with PSU Architectural Engineering*

### CERTIFICATION

Registered Engineer  
*New Jersey - Pennsylvania*

### EXPERIENCE

Daryl joined Harrison-Hamnett, P.C. in 1991, became an associate with the firm in 1999 and a principal in 2005. He maintains 18 years of experience in the Engineering field and 22 years of experience in the construction industry.

Throughout his career Daryl has worked on a wide range of facilities including new and renovated educational, commercial, residential and industrial projects. However, Daryl has particular interest and experience in commercial and industrial warehouse designs with high-performance concrete flooring. He manages each Structural Engineering Project from conception and design development through construction and project completion.
