EXPERIENCE

Don co-founded Harrison-Hamnett, P.C., Consulting Engineers in 1989 and now has over 40 years of experience in the Structural Engineering field. As Principal-in-Charge of Educational, Institutional and New Building projects, he is responsible for client communication, fee structures, proposal development and supervision of his projects including project design, drafting and delivery.

Throughout his career Don has managed and completed institutional projects in excess of 300,000 square feet. While functioning as Structural Engineer and Chief Structural Engineer for the Architectural firms of Micklewright and Mountford Architects and Hamnett, Bouman and Blanche Architects, in Trenton, New Jersey, he was in charge of the Structural Engineering Department.
